## Help children on the Philippines

The **missionary, Carsten Aust**, lives with his family in Manila and works in the slums. The misery and hardship is indescribable!

He has set up a day care centre in which severely undernourished children from the slums are fed and nursed back to health. At the same time, the small medical ward treats sick children.

In addition, a children's home is in the process of being built.

This home will be able to take in and look after homeless children or those who have been cast out due to poverty. This project was started in November 2011 and the current stage of construction can be seen in the photos.

**In order to complete the children's home, a further 12,000€ is required!**  
Our foundation wants to help and provide this missing amount.

In the north of the Philippines, in the mountain village of Bajugau in the province of Apayao, Carsten Aust is also currently supporting a school project. At the moment there isn't a school and the children grow up as analphabets. In January 2012, in co-operation with local helpers, the construction of a small school in the remote mountain village began.

**These children urgently need our help!**

**Germany, Albania, Kenya, Uganda, Mozambique**

We continue our help for this regions. Look to our informations newsletter July 2012
