

Foundation Kamm Lebenshilfe for children living in poverty

April 2014

Our motivation:

Let us not become weary in doing good. (Galater 6,9)

The Philippines - child poverty- catastrophe aid

The orphanage „House of Hope“ started operation in January 2014

4 babies between the ages of 4 and 13 months have been taken in. These babies are from the slums and all suffer from 3rd degree malnutrition. All are seriously ill and are suffering from tuberculosis, pneumonia and worms.

Thanks to the donations, our foundation made a crucial contribution towards the completion and equipping of the house.

Now, our help is required again.

The two suffering from spinal tuberculosis need costly medical treatment. We have provided the means for this.

The foundation has also agreed to cover the costs of the newly appointed social worker, Wilma, for this year. By summer, the number of babies taken in will increase to 15!

We thank everybody who has contributed towards the completion of this project and who now help to save children's lives.

We continue to be challenged to do good!

The work in the **catastrophe-hit region** continues. The basic requirements of food and drink are being supplied by Carsten Aust and his team; building materials are also being delivered in order to provide a roof over the head.

Germany

Our focal points continue to be alleviating child poverty in the Rems-Murr district and supporting the work of the centre for disadvantaged children and youth, "Eigensinn", in Freudenstadt.

Albania - Amaro Tan School

We have been regularly supporting this school for years and this help is urgently required. By involving the parents of these disadvantaged children, the educational success continues to rise.

Please help us!

Thank you for your support. The challenges are rising

We will continue to invest our energy in order to help the poorest of the poor and we thank everybody who helps us in this process.
