The Philippines – Child poverty

Great need in the new orphanage

3 children need urgent medical help (operations) in order to have a real chance of survival.

One boy needs an operation to straighten his foot.

A boy and a girl need spinal operations. Metal implantations will help to straighten their strongly bent backs.

We heard the call for help from Carsten Aust and spontaneously transferred the sum of 10,150€, which was needed for these surgeries.

A further call for help from the orphanage concerned the **water provision**. Water is very expensive in Manila. Therefore an own well is the solution to this problem. Here again, we helped spontaneously, not absolutely sure whether water would be found when drilling. At the end of May, news from the orphanage reached us:

1. "We've got water! At a depth of 68m we came across water.
2. We have finally received the official licence to run the orphanage".

We continue to support the disaster relief on the Philippines.

We wish to pass on this good news to all our donors.

Germany-Albania

Our aid in Freudenstadt, in the district of Rems-Murr and in Albania continues.

Help us!

We thank you for your help. Without your donations, all this would not be possible. Help us further to alleviate child poverty!

We will continue to invest our energy in order to help the poorest of the poor and we thank everybody who helps us in this process.
