

Foundation Kamm Lebenshilfe for children living in poverty

March 2016

Our motivation:

Let us not become weary in doing good. (Galatians 6 v 9)

Ukraine

The supply of the most important medication (insulin, anti-biotica, fever-reducing medication and vitamin preparations) for the suffering children in East Ukraine continues. We have provided the money to buy the medication for the first two months of the year.

We will continue to support the children of this region until "normal" conditions have been re-established. Andrej and Eva Samoylenko are two trustworthy people there in the area, who deliver the necessary aid directly and targeted to the towns of Lugansk, Donezk and Gorlowka.

The Philippines

The second orphanage „House of Hope II“ is a mighty challenge. The building plot has been bought and construction work has begun.

Besides providing for buying the plot of land, we have also financially supported the well-drilling. We have pledged to foot the total bill for the soup kitchen and a welfare officer for 2016.

Carsten Aust and his team do a fantastic job. A supporter of our foundation will visit Manila in March to experience the activities "live"

Albania

Arnold Geiger visited us. His work has continued to grow internationally. We support the Amaro Tan School in Albania and were able to provide 25 professional construction sets of various trades for the training of the 150 students.

Further help is necessary

A special thank you to all who contribute and support our work!

This year again, we can assure you that all gifts are passed on without any deductions whatsoever. Due to voluntary commitment, our foundation has no running costs to cover – which is certainly rare, if not unique
